THE STORY

Welcome to wonderland: where Christmas magic meets '80s nostalgia in a whirlwind of ice-cold decadence, alpine aesthetics and dazzling sparkle. Set in a snowy scene of picturesque peaks and charming chalets, the Accessorize Christmas Collection fuses retro glamour with a healthy dose of festive joy.

Banish cold-weather blues with bursts of colour-pop accessories, designed to keep you warm and stylish as temperatures plummet. Think plush scarves, snugly hats and warming gloves that make braving the cold a glamorous affair. But we don't just have your outside wardrobe sorted... Accompany starry nights with an array of cosy slippers, designed to be gifted, worn and loved for years to come.

As for party season, get ready to dazzle like never before. This year, we're adding all the trimmings: icy tennis necklaces, statement clutches, stacks of star-detailed rings, and more-is-more earrings. Perfect for the ultimate après party where there's no such thing as too much.

So go on, dive (or ski) into our world of bold colours, joyful prints and OTT glamour this Christmas. We guarantee it'll be your most iconic yet.
